On November 3, 2023 Habitat for Humanity of Greater Palm Beach County will host our annual Veterans Build event. This year, we will welcome more than 150 volunteers to work on Neighborhood Revitalization projects for veterans and their families and a new Habitat Home for a veteran in our community. The funds raised through Veterans Build 2023 directly impact active and former military service members in our community. At Habitat, we believe that everyone deserves a decent place to live and that military service members should be welcomed home with honor, dignity, and respect. Your support allows us to engage Veterans and their families in our life-changing work.

"Habitat for Humanity of Greater Palm Beach County is proud to partner with and support veterans in our community. This year, we are increasing our impact by combining neighborhood revitalization efforts with new home construction during our annual Veterans Build event on November 3rd. Your support is critical in serving and honoring those who served our county to ensure they have access to adequate and affordable housing - we hope you will join us."
