The inaugural Palm Beach Picnic saw more than 200 guests descend on The Royal Poinciana Plaza in Palm Beach on Feb. 10. In partnership with The Royal, the stylish soiree benefitted Habitat for Humanity of Greater Palm Beach County's 2024 Women Build, which took place March 14-15.

The chairs of the picnic were Collin Adams and Farrah Scott. The Royal's General Manager, Lori Berg, served as honorary chair. Guests delighted at the Slim Aarons-inspired event designed by The Pretty Picnic, including enjoying delicious picnic cuisine from Nosh Catering, decadent picnic baskets by Apricot and Olive, and signature cocktails. A fashion show featured designs from The Royal's roster of tenants.

"Co-chairing the inaugural Palm Beach Picnic was an absolute honor," said Collin Adams. "The extraordinary amount of support we received was a true testament to the philanthropic nature that Palm Beach is known for around the world. Habitat for Humanity of Greater Palm Beach County builds homes, communities, and hope. This is not only admirable but also necessary for a better tomorrow and generations to come."

Women Build is an annual event that supports Habitat's affordable home-building efforts while bringing together and empowering women across Palm Beach County. Participants build alongside Habitat partner families, corporate sponsors, and community members for a large-scale, fun and empowering build experience like no other. No construction experience is necessary to participate. To learn more about Women Build, visit habitatgreaterpbc.org/women-build.
